**Cultural Nationalism**

Cultural Nationalism is a belief that "Western Culture" is under threat from mass migration into Europe and from a lack of integration by certain ethnic and cultural groups. The ideology tends to focus on the rejection of cultural practices such as the wearing of the burqa or the perceived rise of the use of sharia law. In the UK this has been closely associated with anti-Islam activist groups.

**White Nationalism**

White Nationalism is a belief that mass migration from the "non-White" world, and demographic change, poses an existential threat to the "White Race" and "Western Culture". Advocates for some sort of "white" homeland, either through partition of already existing countries, or by the (if necessary forced) repatriation of ethnic minorities. Much of this rhetoric is present in the Identitarian movement.

**White Supremacism**

White Supremacism is a belief that the "White Race" has certain inalienable physical and mental characteristics that makes it superior (with some variation) to other races. Often associated with conspiracy theories that explain the decline in "White" political and social status over the last hundred years. This can also encapsulate a belief in the spiritual superiority of the "White Race", often describing racial differences in quasi-religious terms (such as "the Aryan soul"). In the UK, these views are often associated with occult philosophies such as "Esoteric Hitlerism."
